Art Unit: 2617

1. Claim 43 recites the limitation "the computer program product" in line 1. There is insufficient antecedent basis for this limitation in the claim. Same error appears in claims 44-46.

2. Claims 35-46 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. The recitation "computer readable storage medium" in claims 35-38 was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor at the time the application was filed had possession of the claimed invention.

NOTE: Applicant is requested to change "computer readable storage medium" to "non-transitory computer readable storage medium" in order to overcome 101 rejection.

3. Claims 5-9,14-18,33-34,47-58 are allowed.

4. Applicant's arguments filed 4/26/10 have been fully considered but they are not persuasive. The applicant argued that the the computer readable storage medium is disclosed in the specification para 0008,0015 and 0069. However, examiner interpreted the computer readable storage medium as a signal or carrier wave. It is suggested to

Art Unit: 2617

applicant to change "computer readable storage medium" to "a non-transitory computer readable storage medium" in order to overcome 101 rejection.

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
